United Nations
Climate Change

09
NOV

Finance Day

The Agenda of the Day

TIME

10:00-11:00

Just Transition in Emerging Markets: Workshop & White paper

11:00-12:00

Climate Finance Instruments Innovation

12:00-13:00

The New Collective and Quantified Goal and Finance for local climate action

14:00-15:00

An open dialogue: GFANZ members and local community perspectives

15:00-16:00

Partnering for nature-based solutions - Mangroves and Climate Change Resilience Projects implemented by Rotary

16:00-18:00

Stepping Up Paris Implementation: How a Successful GCF-2 Replenishment Can Contribute

18:00-19:00

Towards a Global Comprehensive Climate Reporting System

TIME

10:00-11:00

Climate Governance Initiative - Egypt

11:00-12:00

Climate Finance and Feminist Activism: Mix & Mingle

12:00-13:00

Platform for the role of Private Sector in combating climate change

14:00-15:00

Venture Capital Investment for Climate Action

15:00-16:00

Climate and Space, connecting and releasing planetary ambition

16:00-17:00

Green Gross Domestic Product

17:00-19:00

The G20 countries – Performance and Responsibility

*All times are
in Cairo Time

HALL A

HALL B

10 NOV

Science Day

The Agenda of the Day

TIME

10:00-11:00

The Journey to Net Zero

11:00-12:00

Round Table: Sustainability Campus

12:00-13:00

'All jobs greener' - Career Pathways for those in education and work

13:00-14:00

Climate and Energy Impact Showcase: Egypt and Texas Universities

14:00-15:00

Contribution of CEO businesswomen to climate portfolio.

15:00-16:00

The COP27 Simulation Model

16:00-18:00

Sustainable Tourism – an untapped opportunity for green growth

TIME

18:00-19:00

The long shadow of climate impacts: Loss & damage and gender equality

*All times are
in Cairo Time

HALL B

HALL A

**10
NOV**

Youth and Future Generations Day

The Agenda of the Day

TIME

10:00-12:00

Clima-Tech Run2022 Pitching Event

12:00-13:00

Youth and Innovation: University Students and Climate Action.

13:00-14:00

Towards net zero emission by Egyptian Youth Abroad

14:00-15:00

Youth Voices on Climate Impacts on SRHR, Gender and Marginalized Communities

15:00-16:00

Effective Engagement of MENA Youth in Climate Action

16:00-17:00

The CAC Green Team Environmental Initiatives

17:00-18:00

Protecting Education Systems Against the Impact of Climate Change

TIME

18:00-19:00

Youth Spotlight on Grassroots Actions – leading and restoring our future

*All times are
in Cairo Time

HALL A

HALL B

**11
NOV**

TIME

10:00-11:00

Decarbonization Day

The Agenda of the Day

11:00-12:00

12:00-13:00

13:00-14:00

14:00-15:00

15:00-16:00

16:00-17:00

17:00-18:00

18:00-19:00

*All times are
in Cairo Time

HALL A

Role of Financial Institutions in Sectorial De-carbonization with focus on green built environment and energy

The Leading Role of the Suez Canal in Maintaining Sustainable Green Supply Chains

The Business World taking responsibility on their carbon footprint by concrete actions

Addressing Climate Change in The Arab States - Through employment in the Green and Blue Economy

Micro-Mobility and Last Mile Solutions for Egypt

Carbon Accounting & Profitable Sustainability

The Journey to NetZero & Decarbonization: Can digital solutions help communities adapt to climate change?

Leveraging Public Procurement to address climate change challenges

Green initiatives of the Egyptian Ministry of Education

**11
NOV**

TIME

10:00-11:00

11:00-12:00

12:00-13:00

13:00-14:00

14:00-15:00

15:00-16:00

16:00-17:00

17:00-18:00

*All times are
in Cairo Time

Decarbonization Day

The Agenda of the Day

HALL B

Decarbonizing African Economies

Top technologies addressing climate change

NGOs and Private sector contribution to decarbonization and implementation of green technologies

Cities, Real Estate, and Decarbonization

Transport Decarbonization

COP 27: From Pledges to Action

Green Energy to realize decarbonization targets in Africa

Eco-ship: A Transition Model for the Decarbonization of the Maritime Sector

12
NOV

Adaptation and Agriculture Day

The Agenda of the Day

TIME

10:00-11:00

Building Resilience to the Adverse Health Impacts of Food Insecurity through Climate-Smart Agriculture

11:00-12:00

Live Green Initiative

12:00-13:00

Lessons of adaptation from the Global South: What the Global Goal on Adaptation and the Global Stock take can learn from past efforts

14:00-15:00

Seeds—Providing Resiliency and Food Security in Times of Climate Change

15:00-16:00

Climate And Hunger Crisis: Governance and Solutions

16:00-17:00

Agricultural Adaptation through the Agribusiness entrepreneurship – a case study from Upper Egypt.

17:00-18:00

Can Small-And-Medium-Farmers in Egypt and Saharan-Africa Feed the World?

TIME

10:00-11:00

U.S. Leadership on Water Reuse

11:00-12:00

Farmers as soil carbon stewards

12:00-13:00

Facing Water Scarcity: Reclamation as a solution

14:00-15:00

More crop per drop: The future of farming in a water-scarce world

15:00-16:00

Promoting Adaptation and Resilience for the Poor and the Vulnerable

16:00-17:00

Climate-Smart Agriculture and Carbon Capture in Africa

17:00-18:00

Water scarcity induced by Climate Change and the way forward

*All times are
in Cairo Time

14
NOV

Gender Day

The Agenda of the Day

TIME

11:00-12:00

Using Digital Technology & Mainstreaming Gender in Climate Adaptation Actions across Central Africa Sub Region

12:00-13:00

The role of Climate-Induced Mobility on Gender Inequalities in Africa: Zooming the lens on existing Migration Policy frameworks and the potential for sustainable responses to gendered vulnerabilities.

17:00-18:00

Private sector Nexus: Women & climate change

18:00-19:00

Why climate change science needs more women scientists

TIME

13:00-14:00

Indigenous Women, weaving their ancestral knowledge with the Climate Change Agenda

16:00-17:00

African Women for Climate Finance

17:00-18:00

Women Leaders & Positive Agents of Change within Climate Change

18:00-19:00

Climate Dialogue: Voice of women leaders of civil society

*All times are
in Cairo Time

HALL A

HALL B

14
NOV

Africa Day

The Agenda of the Day

TIME

HALL A

09:00-10:00

Equipping African young people in effective climate governance

10:00-11:00

Case Building and Amplification of Locally Led Adaption Initiatives in Africa

13:00-14:00

The Africa Grows Green Awards

14:00-16:00

Building a holistic approach on waste management in Africa, to achieve at least 50% recycling by 2050

16:00-17:00

Linking local to global – Sharing experiences on climate finance in Sub Saharan Africa

19:00-20:00

Effect of Climate Change on Africa's Water resources

TIME

HALL B

09:00-10:00

The Future of Business: How can good corporate governance support Africa's climate ambitions? (Boardroom 2030)

10:00-11:00

The importance of mangroves and beach ecosystems for west Africa coastal environment

11:00-12:00

Creating climate-smart communes in Togo: an approach to foster local development

12:00-13:00

Climate Sustainability and the Just energy transition in southern Africa

14:00-15:00

The building of strategic hydrogen partnerships between Africa and Europe led by first bankable green hydrogen projects in Africa

15:00-16:00

Greening Last Mile Delivery and Integrating Micro-mobility: An African Commitment for Greener Urban Transport

*All times are
in Cairo Time

**15
NOV**

ACE and Civil Society Day

The Agenda of the Day

TIME

10:00-11:00

Women Leaders of Sustainable Agri-food Technology Feeding the World and Respecting the Earth

11:00-12:00

Intangible and tangible intersections between Culture, Climate and Gender

12:00-13:00

The Role of Ecotourism in Racing to Zero

14:00-15:00

Amazon Women as Key Holders to Beat Climate Change

17:00-18:00

South x South Alliance against Climate Change

TIME

12:00-13:00

Elevating the Voices of Women in Agriculture: Challenges & Solutions Toward Women Farmers' Empowerment in the Face of Climate Change

*All times are
in Cairo Time

HALL B

HALL A

15 NOV

Energy Day

The Agenda of the Day

TIME

HALL A

10:00-11:00

Energy Efficiency and Conservation Cooperation between Egypt and Japan

11:00-12:00

Insurance solutions for sustainable transportation: aligning to Egypt's climate change strategy 2050

14:00-15:00

Propelling the Green Transition: Role of Partnerships, National & International Business Organizations & Associations

15:00-16:00

The smart way forward; utilizing smart grid technologies to power our transition to net zero

16:00-17:00

Sustainable Food Systems to Support Climate Ambition - placing the social dimension at the core of transitions

17:00-18:00

Utilizing the Overcapacity of Renewable Electric Power Available in Egypt

18:00-19:00

Celebration of achievements of the PV installations in Sharm Al Sheikh

*All times are
in Cairo Time

16 NOV

Biodiversity Day

The Agenda of the Day

TIME

09:00-10:00

Plastic Pollution and its Impact on Climate Change Under BDC bGreen Initiative
"Solutions for Sustainable Future"

10:00-11:00

Local Climate Action: Best Practices in Community-led Nature-Based Adaptation

11:00-12:00

ECO EGYPT: Emerging Trends in Egypt's Nature-Based Tourism

12:00-13:00

A soundscape using the sounds of healthy reefs

14:00-15:00

Governance as an Enabler for Climate Change Action

15:00-16:00

How #Conscioustech is Saving Coral Reefs and Reviving Marine Biodiversity

16:00-17:00

Climate Action through Protecting the Global Commons, Oceans and Blue Economy

TIME

10:00-11:00

Migratory Soaring Birds Project: Integrating protection of migratory soaring birds into Egypt's renewable energy sector to save migrating birds

11:00-12:00

Wadi El Hitan (Valley of Whales): a Clue of Climate Change

12:00-13:00

"Resisting Until the Last Drop: The Importance of Taking Good Care of Amazon Rivers Against the Threats of Energy Megaprojects and Organized Crime"

14:00-15:00

Setting the scene in terms of national priorities, opportunities, and challenges to boost bankable Climate Change Projects

15:00-16:00

ElGhargana Bedouin Village – Sharm ElSheikh Bedouins culture

16:00-17:00

Digital transformation in forestry: Transforming forestry through transparent and accurate data for achieving sustainable forestry and climate goals

17:00-18:00

Raising the African coordination and awareness on waste to reduce effects on natural ecosystems

*All times are
in Cairo Time

17
NOV

Solutions Day

The Agenda of the Day

TIME

09:00-10:00

How can recording and reporting achieve accelerated reductions towards net zero

10:00-11:00

Banana Plantation Waste Conversion into Consumer Products

11:00-12:00

Waste Management through recycling, the full value chain

12:00-13:00

Creating a consolidated global center for safer maritime systems

14:00-15:00

Solutions to Decarbonize Aviation

15:00-16:00

Exhibition: Feed the world 2030 | Solutions in action

16:00-17:00

Sustainable mobility and climate recovery through BRT

17:00-18:00

Leaving no one behind: Hayah Karima resilient Infrastructure

TIME

10:00-11:00

Raising Awareness with the help of Digital platforms for Climate Change –
"The Digital path for sustainable green recovery"

12:00-13:00

The Climate Overshoot Commission: Reducing the risks of potentially
exceeding 1.5C warming

13:00-14:00

Role of local planning, Public Investments and Administration in promoting
Climate Action

14:00-15:00

Technology as an enabler to more sustainable travel and transportation

15:00-16:00

Green Minds: Be an ambassador for climate change

16:00-17:00

"Intellectual Property, Innovation, and technologies: to reduce climate change
and attract green investment

17:00-18:00

Can integrated Solid Waste be a climate solution? Case study of Egypt

*All times are
in Cairo Time
